Dr. Ziarnowski asked what is happening with the Boston Fire Company.

Mr. Kobiolka reported that the Town Board has received letters that the issue has been resolved between Ms. Will and the Boston Fire Company; the Town Board is requiring a deed and survey before moving forward with the Boston Fire Company's request for a new fire station. He added a new deed and survey will confirm that there is an agreement; anybody can back out of what's put in a letter.

The Work Session followed with the Planning Board members and Mr. Kobiolka attending.
